

### **Special Use Permit – Alcohol Distribution and Consumption Fees**

Metro Parks Tacoma permits event organizers to apply for a special use permit to allow the distribution and consumption of alcoholic beverages at a public event in parks and facilities as allowed by policy.

Total estimated attendance or participation at an event is the determining factor for fees relating to the issuance of a Special Use Permit for alcohol.

Event organizers will purchase a permit that allows the distribution and consumption in a state-approved beer garden during an event. The grid below identifies the fee for various event attendance projections:
