In 2017 staff worked with an animal nutritionist to develop a dietary plan to meet the unique dietary needs of the animals in our care. Based on this review, Northwest Trek utilizes several specialized grains developed by Mazuri Brand to feed the animals in the Free Roaming area. The diet is used to supplement the natural browse for moose, whitetail deer, bighorn sheep, caribou and mountain goats. While other vendors can supply this product, it would require Trek staff to drive further than the 8 miles to King Feed, load over $6500 worth of product and then unload at Trek we receive a weekly delivery. Since King Feed delivers to Northwest Trek at no additional charge, purchasing from any other vendor would increase the overall cost and be an inefficient use of staff time.

King Feed is also the closest (8 miles) feed and livestock supply store for staff to purchase misc. items like salt blocks, straw and shaving for animal bedding. Due to higher than normal feeding requirements with the dry, hot summer, the cumulative purchases from King Feed to date total $89,907.81 and staff anticipates that we will require additional grain purchases for the balance of the year bringing the total to $125,000.00, which is over the threshold requiring Park Board approval.

FISCAL IMPACT: These expenses are budgeted in the NWT zoological budget.

TO: Board of Park Commissioners

THROUGH: Shon Sylvia, Executive Director

FROM: Erwin Vidallon, Chief Financial Officer

SUBJECT: Authorizing 2018 General Tax Levy of Regular Property Tax for Collection in 2019

DATE: November 13, 2018

EXECUTIVE SUMMARY: This resolution establishes the 2018 levy of regular property tax for Metro Parks that will be collected during 2019.

BACKGROUND: Metro Parks Tacoma (MPT) has regular property tax levy authority that totals $0.75 per $1,000 of assessed value composed of two separate levies as shown below:

- $0.50 per $1,000 of assessed value levy; and
- $0.25 per $1,000 of assessed value levy.

MPT’s levy rate history over the last ten years shows a period of decreasing levy rates as a result of the imposition of a one percent growth in property tax revenue along with significant growth in assessed property values, followed by the recession and declining property values and the approval of a levy lid lift on April 27, 2010, to restore our levy to the maximum allowable amount of $.75.

In November 2007, the State Legislature approved new legislation that imposed a one percent annual property tax growth limitation, following voter approval of I-747 in 2001. The legislation limits annual property tax revenue growth to 1%, plus new construction. The impact is that regardless of assessed valuation growth, revenues cannot grow more than the limit.

The passage of a levy lid lift in 2010 and the subsequent decline in assessed valuations in 2012 and 2013 resulted in Metro Parks’ property tax revenue to decrease significantly during this time period. However, with five years of increasing assessed valuations since 2014, Metro Parks has now surpassed the previous highest levy in 2017 to $15,459,636 in 2018.
The chart below provides a ten-year history of our assessed value and levy rates.

MEMORANDUM

TO: Board of Park Commissioners

THROUGH: Shon Sylvia, Executive Director

FROM: Erwin Vidallon, Chief Financial Officer

SUBJECT: Substitute Resolution Authorizing Excess Tax Levy for Unlimited Tax General Obligation (UTGO) Bond Redemption

DATE: November 26, 2018

EXECUTIVE SUMMARY: This substitute resolution provides for excess property taxes to be levied for debt service payments on voter-approved unlimited tax general obligation (UTGO) bonds issued for the 2005 series bond issue (one remaining issue – 2010), for the 2012 and 2015 refunding bond issues, and for the 2014 series bond issues (2014 A and B, 2016 and 2018). Similar to our regular property taxes, the Board must authorize the tax levy in 2018 for collection in 2019.

Unlike regular property taxes where the Board establishes the amount of increase in revenue (up to the statutory maximum of one percent), with excess levies the Board specifies the exact dollar amount to be collected and the Pierce County Assessor-Treasurer’s Office calculates the appropriate levy rate to collect the tax. Adoption of this resolution is required by state law to enact the Metro Parks Tacoma excess property tax levy.

In our efforts to populate the 2019-2020 budget book with the required charts, graphs and tables, staff was conducting final reconciliation of the debt schedule table and discovered that the original 2019 excess property tax collection required in 2019 that was presented on November 13 was overstated by approximately $1,676,000. The regular property tax levy calculation was unaffected. Further diligence by staff concludes:

- In 2014, the Board authorized the first 2014 bond issuance and refund for the 2006 bond. Each were established separately in our accounting records as funds 2014A and 2014B, respectively. However, in 2016, the issuance for both the normal bond plus the 2008 bond refund were combined rather than treated separately as done in the 2014. This created an inadvertent miscalculation of the principal payment needed for the 2016 refund bond, which resulted in an overstatement of its principal amount. In other words, the formula was pulling the principal payment for the 2016 refund bond from the wrong cell of a worksheet.
In 2010, the principal and interest payments associated with MPT's issuance of bonds were partially subsidized $496,846 per year by "Build America Bonds" - a Federal subsidy program MPT qualified for. This amount should have been reduced from total 2010 bond for the purpose of establishing the 2019 excess levy. This was a gross oversight since it was not formula driven. Instead, it required a 'hard' entry into the spreadsheet. This reduction adjustment was inadvertently overlooked by staff. As a result, a substitute resolution is being presented with an updated table.

**BACKGROUND:** Voters approved an $84.3 million bond issue in November 2005. The first two issues have been paid off through subsequent refunding bonds. The third issuance of $19,210,000 was approved on November 10, 2008 (scheduled to be paid off on December 2018), and the fourth and final issuance of $25,025,000 was approved on November 22, 2010.

On June 13, 2012, $9,995,000 of refunding bonds were issued to refund a portion of bonds issued for PDZA projects in 2003 and the 2005 bonds. The remaining 2003 and 2005 bonds were paid off in December 2013 and 2015, respectively.

Following voter approval in April 2014 of a $198,000,000 bond issue, $33,400,000 in UTGO and $18,040,000 in refunding (2006 issue) bonds were issued following Board approval on October 13, 2014. The remaining 2006 bonds was paid off in December 2016. In 2015, $14,280,000 in refunding (2005 issue) bonds were issued following Board approval on July 13, 2015. Following Board approval on October 24, 2016, the district issued $70,000,000 of UTGO bonds and $6,290,000 of refunding (2008 issue) bonds. And most recently on April 9, 2018, the district issued $40,020,000 of UTGO.

**FISCAL IMPACT:** We know from our current debt service schedules established at the time of the bond sales the exact principal and interest due each year. Included in the levy is a small reserve in each fund to accommodate non-payment or late-payment of taxes by property owners. Subsequent collection of delinquent taxes provides additional cash on hand which reduces the ensuing year’s levy. All taxes collected remain within the bond redemption fund until we are able to make principal and interest payments. In the final years of the debt service associated with each individual issue, we may reduce the levy by any excess cash available in the fund.

The Park Board is authorizing the levy of tax on property in 2018 for collection in 2019 for the following principal and interest payments associated with the referenced bonds:

MEMORANDUM

TO: Board of Park Commissioners
FROM: Shon Sylvia, Executive Director
SUBJECT: 2019-2020 Biennial Budget
DATE: November 26, 2018

EXECUTIVE SUMMARY: Staff is requesting the Board review for approval the accompanying resolution, which adopts the 2019-2020 Biennial Operating and Capital Budgets for final adoption scheduled for December 10, 2018.

BACKGROUND: The budget development process officially kicked-off on April 2017 when Cabinet members began discussing the strategic direction, operational needs and challenges, and opportunities for innovations as part of our efforts to update MPT’s Strategic Master Plan. Over the course of several months, both staff and community engagement ensued and influenced our 2019-20 recommended biennial budget. This budget is guided by the Six-Year Strategic Master Plan, which provides the road map to ensure the District provides the proper levels of service to the community. Our spending is also guided by the Mission-Led Comprehensive Program Plan, which supports business planning at the program level based on these three areas: active living and community wellness, culture and heritage, and nature and environment.

Staff began budget development with the Board at the July mid-year retreat. At the September 17th staff presented both the draft six-year and two-year capital plan and associated budget. We then presented our recommended 2019-2020 Operating and Capital Budgets with an in-depth review of department budget recommendations at the Board COW on November 5, 2018, followed by public hearings on November 13, 2018 and November 26, 2018.

Public presentation and discussions included:
- Advocacy Summit Presentation and Discussion on October 10, 2018.
- Public Hearings on property tax levies were held October 22 and November 13, 2018.
- Public Hearings and Budget Presentations were held November 13 and 26, 2018.

Changes to the 2019-2020 capital budget from the previously adopted CIP take into account the latest planning schedules based upon completion and progress of current projects, community input and criteria-based prioritization of the 2014 bond-funded projects.

Unless there are unforeseen delays, a final adoption of the budget resolution is scheduled for December 10, 2018.
FISCAL IMPACT: The 2019-2020 Operating Budget for all funds is $180,935,965 and the Capital Budget is $54,631,616. The General Fund Operating budget maintains a 7.0% fund balance target that is well within the 5%-10% policy requirement.

ADDITIONAL INFORMATION: For additional information on this resolution, please contact Erwin Vidallon, Chief Financial Officer at 253-305-1081.
