NEW BUSINESS
Homelessness in Tacoma
Pete Mayer acknowledged Linda Stewart from the City of Tacoma along with MPT Staff Mary Anderson and Joey Furuto who have been working together on solutions and strategies to address the homelessness issues in Tacoma. Mr. Mayer stated that tonight’s briefing is intended to increase awareness for the complex and growing homelessness crisis in Tacoma, Pierce County and the region. In addition, staff will highlight collaborative efforts with the City of Tacoma in planning and responding to the challenge, particularly around parks and public spaces. There are numerous key dates and touch points in the near future where this subject will be addressed in detail. Mr. Mayer stated that the presence of homeless is seen and felt thought the region, city and park system. This has resulted in prolonged occupation of parks by those experiencing homelessness, accumulation of garbage, human waste and unattended belonging. Along with this comes frustration from park users, business owners and removal costs in natural areas. Staff commented that in 2017, 83 encampments were cleared in natural areas costing nearly $34,000. In the first half of 2018, 65 encampments have been cleared.
Mr. Mayer spoke briefly about the City and the Park Districts collaboration with encampment identification and response. He further noted that both agencies are engaging with partners such as THA, Pierce County, and Libraries to explore options for dealing with the issue.
Staff is continuing to research state and national policies and procedures to inform potential response strategies specifically related to parks.
Next steps as outlined by Mr. Mayer include a COW scheduled for Wednesday, September 19th, Park Policy Group Meetings, 19/20 budget deliberations, joint COT/MPT Board meeting, and Park Board winter retreat.
At the request of Commissioner Pointer, Linda Stewart commented on the role of Catholic Community Services in assisting with the homeless population.

Naming of Ballfield at Vassault Park
President Smith stated that based on our naming policy—the board is able to name parks, recreation areas and park amenities after individuals who have contributed significantly through outstanding service to Metro Parks Tacoma or the community.
She commented that she has been approached by individuals in this community who would like the District to honor, Doug McArthur for his level of contribution to Tacoma and the south sound.
President Smith noted that Doug McArthur is often thought of as one of the greatest contributors to the sports’ promotion and development in the Puget Sound. McArthur is a life-long Tacoman. He is a graduate of Tacoma’s Lincoln High School and later studied at Washington State University and University of Puget Sound. McArthur was the Director of Athletics at the University of Puget Sound, where he coached golf, baseball, and the school’s
first women’s fast pitch softball team. In the early 1960’s McArthur also served as the Superintendent of public recreation and Supervisor of Athletics for Tacoma Public Schools and Metro Parks Tacoma.
