This includes events such as musicians, dancers, craftspeople and story tellers who represent a wide variety of new and old Washington traditions.
State Commission staff also stated that they, like Metro Parks Tacoma are a finalist for NRPA Gold medal this year. Their Gold Medal video submission was then viewed.

Commissioner Lantz then gave a quick update on Saint Edwards Seminary restoration. Located in Saint Edwards Park, the restoration will repurpose the badly deteriorated interior of the Seminary building into a park lodge with 80-100 guest rooms, a conference center, meeting rooms, a wellness spa, and a restaurant and café.

DATE: September 9, 2019

EXECUTIVE SUMMARY: This resolution authorizes a contract award to Queen City Sheet Metal & Roofing, Inc. to construct a new roof system at the Center at Norpoint in the amount of $660,814.30.

CAPITAL IMPROVEMENT COMMITTEE RECOMMENDATION: This resolution was reviewed by the Capital Improvement Committee at their meeting on Wednesday, August 28, 2019 and with a recommendation to forward the action on to the full Board for approval.

BACKGROUND: The work to occur under this contract includes the full design and construction of new roof system at the Center at Norpoint. The building, built in the early 1990s, includes a sloped roof system with asphalt shingle roofing material, and a low-slope roof with a single-ply roofing membrane.

The work under this project includes the following:

1. Protect existing site improvements and the building, including the systems, from damage due to the work of this project.
2. Provide temporary weather protection during re-roofing work to prevent the roof deck and building interior from being exposed to wet weather and water intrusion.
3. Remove the existing asphalt shingle and built-up roofing; remove existing sheet metal flashings as shown on Construction Drawings.
4. Install asphalt shingle roofing system on sloped roofs and single-ply roofing system on low slope roofs as shown on Construction Drawings.
5. Install sheet metal as shown on the Construction Drawings.
6. Remove and reinstall existing roof mounted HVAC equipment and skylights as required to perform the re-roofing work of this project.

A formal bid was issued for this work and three (3) bid proposals were received; two (2) were considered responsive.
Please refer to the attached bid tabulation for the list of contractors and bid amounts. Queen City Sheet Metal & Roofing, Inc. submitted the low Base Bid as a responsive bidder in the amount of $599,650.00. Reference checks by staff have confirmed that Queen City Sheet Metal & Roofing, Inc. is a responsible contractor and performs quality work.

Staff is recommending award of the Base Bid for a total amount of $660,814.30 (including Washington State Sales Tax).

The construction is expected to take 120 calendar days to complete after issuance of a Notice to Proceed, with an expected stop work period due to inclement weather.

MEMORANDUM

TO: Board of Park Commissioners

THROUGH: Shon Sylvia, Executive Director

FROM: Peter M. Mayer, Deputy Executive Director
       Marina Becker, Director of Parks and Recreation

SUBJECT: Recommending the Tacoma City Council Approve Revisions to
          Tacoma Municipal Code Title 8, Public Safety, pertaining to Chapter 8.27---
          Park Code

DATE: September 5, 2019

EXECUTIVE SUMMARY: This resolution recommends to the Tacoma City Council that it
approve certain proposed amendments to the Tacoma Municipal Code Title 8, Public Safety,
pertaining to the Park Code revisions to Chapter 8.27---Park Code.

City staff, including the Tacoma Police Department, have worked collaboratively with Metro Parks’
staff to review the Park Code and develop proposed Code amendments (see Exhibit A). The
proposed amendments address a number of issues including use of drones, use of vaping devices,
aligning e-scooters, e-bikes, mono-wheels, surreys and other “micro-mobility devices” with existing
code, defining authorized temporary structures in parks, and enabling the Executive Director to
adopt a code of conduct for parks, facilities and programs.

The Park Code was last updated 10 years ago. Since then, staff have determined that additional
amendments are necessary to respond to current and emerging park use trends, changing technology
and public safety issues in Tacoma’s parks. A comprehensive public outreach program has been
conducted and is continuing, including the solicitation of public comments and opportunities for
community involvement via Metro Parks’ website, development of a “Frequently Asked Questions”
guide, links to the existing Park Code and to the proposed amendments and more.

The City of Tacoma’s Community Vitality and Safety Committee, together with the Metro Parks
Park Board have reviewed the proposed Code amendments and a Resolution recommending that the
City Council adopt the proposed Code amendments is attached for the Park Board’s consideration
and approval. The amendments to the Park Code would become effective 10 days after City
Council approval, which is currently anticipated to be October 18, 2019.

BACKGROUND: In late 2018 and early 2019, Metro Parks’ staff began identifying sections of
the Tacoma Municipal Code Chapter 8.27---Park Code that they recommended be explored for
amendment to respond to current and emerging issues that impact patrons of the parks system in
Tacoma. Subsequent discussions with the Tacoma Police Department yielded further requests for amendments and updates. Many of the amendments address minor “housekeeping” items—e.g. aligning penalties for violation with State law, clarifying definitions or updating references, etc. In mid-June 2019, a preliminary draft of proposed amendments was developed and City and Metro Parks review meetings were subsequently conducted.

A summary of the substantive proposed Park Code amendments include the following:

- Clarifies current prohibition of smoking in parks to now include the use of e-cigarettes, vapor products or other nicotine-containing products.

- Adds drones, hot air balloons, “sky lanterns,” unmanned aircraft systems and motorized models as prohibited equipment except as specifically authorized.

- Aligns electric scooters, e-bikes, mono-wheel devices, surreys, scooters and similar devices with existing rules for bicycles and skateboards—permitting them on roads, sidewalks, paths or trails.

- Defines vehicles to include personal transportation devices that are motorized.

- Clarifies continuous moorage in a park as three non-consecutive or consecutive overnight stays within a 10 day period.

- Limits permissible “structures” in parks to only those specifically authorized or are temporary and have only a roof and no walls.

- Authorizes Metro Parks’ Executive Director to adopt a code of conduct that regulates activities or behavior in parks to protect the public’s health and safety, to promote respect for the rights and needs of others, and to preserve park property.

Public Review Process
At a July 22, 2019 Study Session, the Board of Park Commissioners was briefed on the intent of the proposed Park Code amendments by Metro Parks’ legal counsel, and staff. Tacoma Police Department and Community and Neighborhood Services Department staff also attended and addressed Park Board questions.

On August 5, 2019, the Park Board convened a Committee of the Whole Meeting to more fully explore the proposed amendments with Metro Parks’ staff, the Tacoma Police Department and the City Manager’s Office.

The Park Policy Group (CM C. Ushka; CM C. Beale; PC A. Pointer; PC T. Reid) convened on August 20, 2019 to jointly review the proposed Park Code amendments and address questions, during which time modest revisions to the proposed amendments were requested.

On August 22, 2019, an updated copy of the proposed amendments were presented to the City Council’s Community Vitality and Safety (CVS) Committee along with a summary of over 230
public comments received as of August 18th, collected as part of a 3-week public comment period. Comments were collected via an online survey, email, phone and public meetings. The CVS Committee voted 3-0 to advance the proposed Park Code amendments to the full City Council on October 1, 2019 for a first reading, pending the review and recommendation of the Park Board at its September 9, 2019 meeting.

In response to recent concerns MPT staff and Park Board members received regarding micromobility devices, staff have revised the proposed amendments since the latest review by the CVS Committee to further clarify that micromobility devices are permitted “on roads, sidewalks, paths and trails in any park unless otherwise prohibited and signed for the particular micromobility device(s) being prohibited.” This latest revision eliminates any question regarding the approved use(s) within a park and further clarifies the Districts’ intention to allow micromobility devices within its park areas while reserving the ability to regulate a particular device or devices to address use conflicts or safety concerns.

Upon Park Board approval, the proposed Park Code amendments will be advanced to the Tacoma City Council for a first reading on October 1st and subsequently for a 2nd reading and potential adoption on October 8th. The revisions will become effective ten days from adoption, on October 18, 2019.

Public Outreach
Metro Parks conducted a 3-week public comment period on the proposed Park Code amendments from August 7-28. A copy of the proposed Park Code amendments and an invitation to provide public comments were promoted using the following methods:

- News release sent to local media and posted online, which resulted in news coverage on KING, KIRO and the News Tribune, as well as Metro Parks and news media social channels.
- Information and documents posted on Metro Parks’ homepage.
- Included in Metro Parks e-newsletter sent to 15,000+ subscribers.
- Included in messages sent directly to the 8 Neighborhood Councils, Associated Ministries, Tacoma Housing Authority, Centro Latino, Hilltop Action Coalition, Tacoma Urban League, The Black Collective, MDC, Comprehensive Life Resources and the Tacoma Chamber of Commerce.

While survey respondents were provided a chance to comment on all five proposed areas of amendment, the one with the greatest level of public interest was the clarification of temporary structures authorized in parks.

Staff continues to solicit public comment as the process transitions to review by the Park Board and City Council. For a summary of comments supporting and opposing the proposed amendments, please see the attached Public Comment Summary (Exhibit B).

**Next Steps**

Upon approval and adoption by the Park Board and City Council, MPT Staff will coordinate with the Tacoma Police Department and other City of Tacoma staff to developing an implementation plan for the amended Park Code. This will include engaging the public as to what kinds of micro-mobility devices may be prohibited in specific park areas and the safety measures that may be implemented in park areas jointly used by pedestrians and micro-mobility devices. Metro Parks’ staff will help develop public awareness and education strategies, install enhanced signage where needed, conduct courtesy compliance checks and more to help inform the community of Park Code changes.

The written appeal must be under oath and set forth all facts relied upon by the person for his or her contention that the notice should be rescinded or shortened. The written appeal shall be accompanied by a copy of the exclusion notice which is being appealed. The written appeal must be delivered to the Hearing Officer or postmarked no later than seven (7) calendar days after the issuance of the exclusion notice. The Hearing Officer shall issue a ruling upholding, rescinding, or shortening the duration of the exclusion no later than five (5) business days after receipt of the written appeal.

2. The Hearing Officer shall consider the exclusion notice and any other materials submitted that the Hearing Officer considers relevant and trustworthy.

3. If the violation is proved by a preponderance of the evidence, the exclusion notice shall be upheld; but upon good cause shown, the Hearing Officer may shorten the duration of the exclusion. If the violation is not proved by a preponderance of the evidence, the Hearing Officer shall rescind the exclusion. If the Hearing Officer rescinds
an exclusion, the exclusion shall not be considered a prior exclusion for purposes of this section.

A person requesting a hearing must comply with the requirements of subsection F above and contain a written request for a hearing. The Hearing Board shall take reasonable steps to notify the offender of the date, time, and place of the hearing.

2. At the hearing, the violation must be proved by a preponderance of the evidence in order to uphold the exclusion notice. The exclusion notice establishes a prima facie case that the offender committed the violation as described. The Hearing Board shall consider a sworn report or a declaration under penalty of perjury, as authorized by RCW 9A.72.085, written by the individual who issued the exclusion notice, without further evidentiary foundation. The certifications authorized in Rule 6.13 of the Criminal Rules for Courts of Limited Jurisdiction shall be considered without further evidentiary foundation. The rules and procedures for the Hearing Examiner set forth in TMC 1.23 and the Rules of Procedure for Hearings adopted by the Hearing Examiner shall govern hearing procedures.

3. If the violation is proved, the exclusion notice shall be upheld; but upon good cause shown, the Hearing Board may shorten the duration of the exclusion. If the violation is not proved by a preponderance of the evidence, the Hearing Officer shall rescind the exclusion. If the Hearing Board rescinds an exclusion, the exclusion shall not be considered a prior exclusion for purposes of this section.

H. The decision of the Hearing Officer or Hearing Board is final. An offender seeking judicial review of the Hearing Officer’s or Hearing Board’s decision must comply with TMC 1.23 and the Rules of Procedure for Hearings adopted by the Hearing Examiner.

I. The exclusion shall remain in effect during the pendency of any administrative or judicial proceeding.

J. No determination of facts made by a person conducting a hearing under this section shall have any collateral estoppel effect on a subsequent criminal prosecution or civil proceeding and shall not preclude litigation of those same facts in a subsequent criminal prosecution or civil proceeding.

K. Any person who remains on park property after being required to leave by a Metropolitan Park District of Tacoma employee or by a police officer, or who enters any park during a 90-day or one-year exclusion, is guilty of criminal trespass and may be arrested and prosecuted under the Tacoma Municipal Code.
