REGULAR MEETING
The regular meeting of the Metropolitan Park District Board of Park Commissioners was called to order by Commissioner Reid at 6:00p.m.

SPECIAL PRESENTATIONS  
EARTH DAY PROCLAMATION
President Reid read a proclamation into the record proclaiming April 22nd as Earth Day. He noted this is the 50th anniversary of Earth Day.

PRESIDENTS REPORT
President Reid commented that the Mayor and City Council recently issued a statement regarding anti-discrimination in the City of Tacoma.
Commissioner Smith moved that the Board support the recent Anti-discrimination statement made by the City of Tacoma; seconded by Commissioner Pointer.

The City statement reads as follows:
A Statement From the Tacoma City Council on Anti-Discrimination and COVID-19

We recognize these are challenging times for everyone in Tacoma and our nation. Respect for individuals of all races, ethnicities and national origins is an integral part of our cultural fabric as a city and as a community.

The City of Tacoma’s Office of Equity and Human Rights has recently received information about discriminatory acts on valuable residents in our own Tacoma community. Asian Americans and other marginalized groups are experiencing increased instances of overt racism, including verbal and physical assaults in our region and throughout the country.

Facts, not fear, should drive our decisions and actions.

Misinformation about coronavirus propagates fear and hostility that hurts people and makes it harder to keep everyone healthy. It is important to remember that coronavirus does not recognize race, nationality, or ethnicity.
The virus doesn’t discriminate, and neither will we.

As we navigate through these trying times, the Centers for Disease Control and Prevention reminds us that individuals – including those of Asian descent – who do not live in, or have not recently been in, an area of ongoing spread of the virus that causes COVID-19, or have not been in contact with another individual who is a confirmed or suspected case of COVID-19 are NOT at greater risk of spreading COVID-19 than other Americans.

A report prepared for the U.S. based organizations, Chinese for Affirmative Action and the Asian Pacific Policy & Planning Council, stated that nationally, 673 instances of coronavirus discrimination were reported from March 19-25, 2020. Emerging trends include approximately 100 reports daily, with 5.5 percent from limited English speakers and verbal harassment making up two-thirds of reports.

The Office of the Mayor and the Tacoma City Council condemn discrimination of any kind against members of our community. We are stronger as a community when we stand together against discrimination. Our city’s diversity is our greatest strength and we will not tolerate discrimination against our residents.

To file a report of discrimination, please file either at the state’s Human Rights Commission or with the City’s Office of Equity and Human Rights by calling (253) 591-5045.

Being no additional comments the question was called and the motion passed unanimously.

STANDING COMMITTEE AND COUNCIL REPORTS
Greater Metro Parks Foundation
Commissioner Smith noted that GMPF recently met to discuss ideas on how the foundation can support staff during this difficult time.

EXECUTIVE DIRECTOR’S REPORT
Executive Director, Shon Sylvia commented on the following:

- Pete Mayer was introduced. Mr. Mayer commented that Tacoma Pierce County Health is reporting that there are currently 969 positive cases of COVID 19 and 20 deaths in Pierce County. Mr. Mayer stated that Metro Parks Tacoma has mobilized its ICS structure to deal with this global crisis. Following the Governor’s mandate of stay home, stay health all Metro Parks’ facilities and programs have been closed. Parks remain open although parking lot gates have been closed. He stated District staff continues to push out messages to encourage and remind visitors of social distancing protocols.
  Mr. Mayer reported that MPT staff has been active in getting childcare stood up for first responders as agencies have come together to share and coordinate resources.
  Mr. Mayer reported that the District is anticipating a $13M shortfall of projected revenues. As a result the District made the difficult decision to lay off part-time & seasonal staff. He further noted that more impacts to staff are likely.
  It was then reported that District staff continue to work on state and federal side of things to mitigate impacts facing the District.
  Staff is anticipating that the Governor’s May 4th order could be extended and are facing the reality of how different the District may look and operate in the future.
  Mr. Mayer stated that within the area of capital, modifications to the District’s plan are being modified based on the current State mandates to focus on essential and emergency projects.
Shon Sylvia commented that tonight’s agenda has purchasing items. He stated that staff is sensitive to the expenditures and has scaled down and made reductions to these items. MEMORANDUM

TO: Board of Park Commissioners

THROUGH: Shon Sylvia, Executive Director

FROM: Debbie Terwilleger, Director of Planning & Development

SUBJECT: 2020 Washington State Historical Society Heritage Capital Grant Application Authorizing Resolution- Fort Nisqually Phase II Building Improvements

DATE: April 22, 2020

EXECUTIVE SUMMARY: The Washington State Historical Society (WSHS) has announced that they are accepting Heritage Capital Project (HCP) grant applications now for the 2020 funding cycle. Staff has prepared an application for Fort Nisqually Phase II Building Improvements that is consistent with the criteria as established by the WSHS and supports the District’s Capital Improvement Program (CIP). As part of the application process WSHS requires that the submitting agency pass an Authorizing Resolution as a commitment to the funding request.

CAPITAL IMPROVEMENT COMMITTEE RECOMMENDATION: The Capital Improvement Committee reviewed this resolution at their meeting on April 15th and recommended forwarding this item on to the full Board for approval.

BACKGROUND: The HCP program was created in 1995 by an act of the Washington State Legislature establishing HCP as a program of the Washington State Historical Society. It provides a path to capital funds for projects that increase public access to history through historic preservation and history interpretation. WSHS requires that local agencies approve a resolution authorizing application for funding assistance. This resolution needs to be submitted to WSHS by April 23, 2020 along with all other final application materials.

The application is due April 23, 2020 with final awards being approved by the State Legislature in mid-2020. Funds are not available until Fall 2021 upon finalizing of funding agreement contracts. The following is an overview of the grant process schedule:

- April 23, 2020 Application Phase I Deadline
- April-May, 2020 Application Threshold Review
- June 25, 2020 Application Phase II Deadline
- June-July 2020 Advisory Panel Review
- August 2020 Public Ranking (time and location to be announced)
- September 2020 Ranked List Submitted to state capital budget
- January-June 2021 Legislature determines state capital budget
- July 1, 2021 Contracting begins
- June 30, 2023 Project Completed
Staff developed an internal review process to look at a wide range of project alternatives. Review criteria included consistency with the District’s Capital Improvement Program; availability of local match; schedule; project merits, weighed against grant program criteria; and past application experience. Based upon this Staff is proposing to submit one (1) application as follows:

**Fort Nisqually Phase II Building Improvements:**
Total Project Cost $1,175,000  Grant Request $375,000  Matching Funds $800,000

**Description:**
This project addresses three Fort Nisqually buildings that were erected in the 1930s: The Clerk’s House (Montgomery House), the Sale House, and the Kitchen. Improvements to these structures, including replacement of deteriorated materials, are the top three priorities identified in the Fort Nisqually Building Assessment (2018). Additionally, these repairs are called for in the Fort Nisqually Living History Museum 2036 Capital Development and Program Plan. The condition assessment identified the three structures listed above as in need of improvements to address: life safety and structural improvements, greater ADA access, systems and seismic upgrades, and recreating the historic appearance of the Clerk’s House (Montgomery).

**FISCAL IMPACT:** The Washington State Historical Society, Heritage Capital Project Grant Program operates on a 66.67% matching funds basis. Project selection was based on the availability of providing the required financial match through budgeted funds, currently identified in the CIP; partnership participation; and/or underway private fund raising initiatives. Metro Parks will be required to certify that matching funds are available to support selected projects prior to submission to the legislature for final approval.

THROUGH: Shon Sylvia, Executive Director

FROM: Debbie Terwilleger, Director of Planning, Design & Development

SUBJECT: Conversion of Street Right of Way into Real Property at Swan Creek Park

DATE: April 21, 2020

EXECUTIVE SUMMARY: The attached resolution seeks Board approval to enable the Executive Director or designee to enter into the necessary agreements providing for the conversion of remnant street rights of way into real property, within the boundaries of Swan Creek Park, where the design of Phase II improvements is currently underway. The conversion process is dictated by RCW 35.79.030 and Tacoma Municipal Code 9.22. In addition staff requests that the Board of Park Commissioners authorize the purchase of the land from City of Tacoma for $81,157.73.

CAPITAL IMPROVEMENT COMMITTEE: This resolution was reviewed by the Capital Improvement Committee at their meeting on Wednesday, April 15, 2020 with a recommendation to forward the action on to the full Board for approval.

BACKGROUND: As part of grant-funded improvements at Swan Creek Park currently in the design process, Metro Parks Tacoma has chosen to request vacation of approximately 400,000 square feet of publicly dedicated right of way within the Swan Creek Park boundaries, lying between East 48th Street and the northern margin of East 52nd Street. The conversion of street right of way into real property will put the subject area entirely within Metro Park’s authority/ownership, which will facilitate the construction of parks improvements. City of Tacoma has specific permit requirements for applicants who build within the public right of way. In this case, the rights of way are inactive and the imposition of such requirements would not be the best use of public funds.

RCW 35.79.030 and Tacoma Municipal Code 9.22.090 requires a payment for right of way vacation, and action by the Tacoma City Council. The cost was derived from an appraisal conducted evaluating four other parks properties, averaging $.19 SF. The right of way vacation proposed under this resolution includes approximately 400,000 square feet. Staff requests that the Board of Park Commissioners authorize the purchase of land from City of Tacoma, at a cost of $81,157.73.
**FISCAL IMPACT:** Funds for the purchase of the parcel will come from the 2014 Bond Program under land Acquisitions.

D. **PURPOSE OF REQUEST:**
The Petitioner intends to absorb this segment of right of way into their adjacent property for park enhancements and improvements.

E. HISTORY:

East 48th Street, East 50th Street, East “R” Street (also known as East “T” Street per City of Tacoma Ordinance No. 10398, passed February 13, 1930), East “S” Street (also known as Homestead Avenue), East “T” Street (also known as Roosevelt Avenue), and all alleyes therein lying between the northerly margin of East 48th Street and the northerly margin of East 52nd Street, were dedicated, in 1903, by Plat filing of Homestead Park, Pierce County; And that portion of unrecorded East “T” Street as depicted outside the Plat of Portland Avenue First Addition, Copies of the Plats of Homestead Park and Portland Avenue First Addition, and City of Tacoma Ordinance No. 10398, are attached hereto and referenced as Exhibits 4 through 6.

F. PHYSICAL LAND CHARACTERISTICS:

None of these described rights of way have been improved with any street or utility infrastructure and have been historically management, improved and utilized as park amenities/paths.

G. APPLICABLE SECTIONS OF THE OFFICIAL CODE OF THE CITY OF TACOMA:

9.22.010 PETITION TO VACATE AUTHORIZED: The owners of an interest in any real estate abutting on any street or alley who may desire to vacate any street or alley, or any part thereof, shall petition to the City Council to make vacation in the manner hereafter provided in this chapter and pursuant to RCW 35.79 or the City Council may itself initiate by Resolution such vacation procedure. The City Council shall require the petitioners to compensate the City in an amount which equals one-half of the appraisal value of the area vacated; provided that if the street or alley has been a public right of way for 25 years or more, the City shall be compensated in an amount equal to the full appraised value of the area vacated; provided that when the vacation is initiated by the City or the City Council deems it to be in the best interest of the City, all or any portion of such compensation may be waived. Except as provided below, one-half of the revenue received hereunder shall be devoted to the acquisition, improvement, and maintenance of public open space land and one-half may be devoted to transportation projects and the management and maintenance of other City owned lands and unimproved rights-of-way.
In the case of vacations of rights-of-way in the tide flats area, defined as easterly of the Thea Foss Waterway (inclusive of the Murray Morgan Bridge), northerly of State Route 509 and westerly of Marine View Drive, the total revenue received hereunder shall be devoted to transportation projects in the tide flats area.

9.22.040 PUBLIC’S RIGHT TO TRAVEL — UTILITIES: Vacation of any portion of a street that is designated as an arterial under Section 11.05.490 of the Municipal Code shall be of a minor nature only and shall not unreasonably limit the public’s right to travel upon said street or interfere with the ancillary right to occupy said street for utility purposes.

CRITERIA: Section 9.22.070 of the Official Code of the City of Tacoma. The following criteria have been considered:

1. That the vacation will provide a public benefit and/or will be for a public purpose.

2. That the right-of-way vacation shall not adversely affect the street pattern or circulation of the immediate area or the community as a whole.

3. That the public need shall not be adversely affected.

4. That the right-of-way is not contemplated or needed for future public use.

5. That no abutting owner becomes landlocked or his access will not be substantially impaired; i.e., there must be an alternative mode of ingress and egress, even if less convenient.

6. That vacation of right-of-way shall not be in violation of RCW 35.79.035

Regarding the above Criteria, Real Property Services finds the following:

1. The vacation is a public benefit because:
   a. It will reduce the City's maintenance expenditures.

2. City of Tacoma Traffic Engineering has been consulted regarding this petition and does not object to the vacation.

3. No general public is currently served by this unimproved right of way.

4. The vacation area is not contemplated or needed for future public use as a right of way.

5. No abutting property becomes landlocked nor will their access be substantially impaired.

6. The vacation area is not close to a body of water as contemplated under RCW 35.79.035.
H. ADDITIONAL INFORMATION:

The area to be vacated has not been assessed for sanitary sewers and is subject to a Connection Charge In-Lieu-of-Assessment per T.M.C. 12.08.350. At the time of this reading the Assessment is provided as an Advisory Comment only and not a condition of this action. Should the petitioner(s) wish to clear this item from title the Assessments can be paid in connection with this vacation action or will become due and payable at such time as future permitting of the site. Please note that the ordinance establishing the rate of assessment is updated every few years, and/or the infrastructure is replaced, and the amount quoted may increase in the future. As such, should the petitioner elect to wait to make such payment the In-Lieu Assessment should be recalculated at time of such development to ensure current rates.
